THAL
THALASSEMIC

This is the identity for over 9000 children
born in India every year.

Estimates per the number of 100,000 in India but the number could be higher as many parents don't seek tests
and kids are suffering from Thalassemia

5 Reasons why Health Insurance is a must for every Woman

- 1 Women live longer**
Women live longer than men anywhere in the world. More importantly, they live 8 years longer than men in the high-income countries. Hence, women need medical care for a longer duration.
- 2 Menopause is a risky business**
Menopause increases the risk of several diseases such as atherosclerosis, osteoporosis, and cardiovascular diseases.
- 3 They have to deal with women-specific diseases**
Diseases such as breast cancer, ovarian cancer, and vaginal cancer are harrowing women in all parts of the world.
- 4 Women enjoy special packages and benefits**
Health insurance companies have come up with special packages especially for women keeping their needs and requirements in mind.
- 5 Work stress kills**
An increasing number of women are taking up successful careers which have huge amounts of stress attached to them. Because of these high-stress jobs the health of a large number of women is deteriorating.
